“dave & busters”

it takes  
a force  
of  
 $\geq 50$ lbs  
to rupture  
a  
testicle

the  
average male (20 to  
30) grip strength  
is  
105-121lbs

ice has  
their  
not-so-new  
game called  
"ballbusters"

they get  
a  
male inmate

one  
holds him  
down

two  
grab his  
balls

and see  
how hard  
they  
can squeeze

eventually  
it  
loses shape  
and the  
little  
orbs inside  
disappear and  
you cant  
feel them  
anymore

the inmates  
screaming  
by now

from here  
they  
have two choices

1.  
they can  
leave  
him to  
writhe and  
cry in  
his  
cell

2.  
they can  
put a  
bullet in his  
skull and  
say it  
was  
“self-  
defense”

exercise:  
guess which  
is more  
common
